

MYTILINEOS, a leading industrial company with a strong international presence in four Business Units, Metallurgy, Sustainable Engineering Solutions, Power & Gas and International Renewables & Storage Development is currently seeking to hire a **HSE Project Manager based in Orchomenus, Greece** for the International Renewables and Storage Development Business Unit.

### **HSE Project Manager based in Orchomenus, Greece**

**(Reference Code: HSEPM 1120)**

#### **Main Responsibilities:**

- Is responsible for the administration, co-ordination and every day hands-on involvement in all Health, Safety and Environmental issues
- Ensures that safe systems of work are in place with the subcontractors carrying out works at our solar plants. This includes liaising with the client's representatives and local Authorities when required.
- Develops and implements all HSE programs and training on site as well as develops and keeps records of all QHSE documents required by legislation and company policy
- Takes ownership and works with individual co-workers, groups and subcontractors to ensure all tasks are completed on time

#### **Requirements:**

- Bachelor's degree in Civil Engineering or other related engineering field
- 2+ years' experience in HSE supervisory roles in construction projects preferably in solar energy
- 2+ years' experience in solar energy as engineer
- Working knowledge of QHSE Management Systems (QHSAS 180001/ISO 45001, ISO 14001, ISO 9001 as minimum) is essential
- Proven record of conducting HSE Inspections and Audits (producing related Reports), managing subcontractors and ensuring all HSE rules are efficiently communicated, implemented, and monitored
- Experience of training (Inductions, Toolbox talks etc.) and conducting Accident/Incident investigation, analysis, and reporting
- Thorough knowledge of local and international QHSE legislation and regulations, codes of practice and standards, especially regarding construction works
- Fluency in English is essential
- Excellent communication and interpersonal skills
- Excellent analytical thinking with the ability to spot noncompliance and potential risks

Interested parties are kindly requested to submit their curriculum vitae via the following link, no later than 06/12/20.
