“YOUNG GENERATION IN ACTION”

MYTILINEOS Group offers valuable experience in real working conditions via the 12-month salaried employment program

As of Monday, 4th of July, **a young dynamic team joined MYTILINEOS Group’s workforce**, following the completion of the assessment and selection phase of the **12-month salaried employment program “YOUNG GENERATION IN ACTION”**.

14 successful applicants **qualified through a demanding and entirely transparent procedure**, based on the high standards of MYTILINEOS Group.

In the course of the program, the new employees will be **called upon to handle real working conditions**. Through **systematic training**, they will have the opportunity to **further develop their know-how and skills**, while **claiming a permanent position in MYTILINEOS Group**, depending on existing needs.

The new employees will have **the same rights but also the same obligations** as any other Group employee and will **constitute the “new force”** in the Treasury, Finance, Sales, Communication & Marketing, Human Resources, Procurement, Logistics and M&A Directorates.

During these 12 months they will experience up close the challenges of a competitive and dynamic environment, and will be introduced to the **Group’s corporate culture which promotes initiative, innovation, leadership and business excellence**.

“YOUNG GENERATION IN ACTION” is an initiative **of MYTILINEOS Group aiming to offer an access point to young people, who at the moment are outside the labour market, and to open up** career prospects, providing them with a strong incentive to stay in our country.

In addition to the ENGINEERS IN ACTION program of ALUMINIUM OF GREECE, which has already completed its first cycle and it is now running for a second consecutive year, **MYTILINEOS Group proves that confidence in young people creates distinguished professionals, who will in turn return value to Greek society and economy**.
